This structure has been chosen to allow CEMINVEST the ability to build up assets not only in the cemeteries it owns but also in government owned cemeteries. Thus, allowing the FCA regulated care plan to reach its full potential and offer its clients plots in all areas of the UK, this is key for the companies exit strategy. The above companies will continue to feed CemInvest assets along with other cemeteries developed by the CemInvest. Money will flow up to purchase and develop cemeteries and deliver CEMINVEST Limited the assets assuring the client is always protected.

**The Future Plan LTD**  
Daniel Moretti 100% owned

The Future plan LTD is used as one of the key exit strategies for CemInvest LTD – Future plan will hold FCA regulation when this becomes mandatory in the UK from July 2022.
