### Summary

Woodville Consultants, a leading UK based litigation funding specialist, offers qualified investors a fixed income (paid quarterly).

No-win, no-fee agreements are an important part of litigation financing and allow people access to justice without the risk of prohibitive costs. Woodville focus on these claims, which are typically ignored by the large litigation funders who cannot process such small claims on the required scale.

We charge a 5% monthly interest rate to the law firm. In the event of a successful case, we are compensated from the reward proceeds. However, we mitigate risk through After The Event (ATE) Insurance, ensuring we can recover our capital even if a case is unsuccessful.

Since 2019, we have issued over 120,000 loans to carefully selected law firms, maintaining a perfect track record, with zero defaults.
