

Direct subscription procedure:

01

Complete the application form, indicating in the "source of funds" section whether the funds come from savings/company profits/inheritance/investments, etc. Supply the required documentation - details below.

02

The AML (Anti-Money Laundering) verification process is carried out by Avenir Registrars through its specialised AML service provider, which once passed, allows the purchase of the bond.

The duration of this process for natural persons is up to 5 days, for corporate entities it can be extended up to 30 days.

03

Propifi issues the corresponding dirty pricing quote, depending on the amount to be invested and the settlement date established with the client/advisor.

Once the transfer has been made, the client sends Propifi Bonds Plc directly or through his/her advisor the proof of transfer.

The bond is then purchased and registered with Avenir Registrars.

Once the transaction is closed, the client receives the email from Propifi with the confirmation letter and the certificate number assigned to the purchase. Avenir Registrars sends the client directly the access details to log into the account created on their name on Avenir Registrars platform and verify the certificate in digital format.

The physical certificate is sent by courier to the address indicated in the application form, which must be kept in a safe place once received.
