Domicile	Ireland
ISA eligible	Yes
Reporting status	Yes
Pricing	Daily, forwards
Valuation	2300 Dublin time
Year end	31 December
Custodian	Brown Brothers Harriman

Risks

Guinness Sustainable Energy Fund is an equity fund. Investors should be willing and able to assume the risks of equity investing. The Fund invests only in companies involved in the sustainable energy sector; it is therefore susceptible to the performance of that one sector, and can be volatile. The value of an investment and the income from it can fall as well as rise as a result of market and currency movement, you may not get back the amount originally invested. Further details on the risk factors are included in the Fund's documentation, available on our website.

Simulated past performance in 10 year and since launch numbers. Performance prior to the launch date of the Y class of the Fund (16.02.2018) is a composite simulation for Y class performance being based on the actual performance of the Fund's E class which has an OCF of 1.24%.

Source: FE fundinfo to 31.07.23. Investors should note that fees and expenses are charged to the capital of the Fund. This reduces the return on your investment by an amount equivalent to the Ongoing Charges Figure (OCF). The current OCF for the share class used for the fund performance returns is 1.84%. Returns for share classes with a different OCF will vary accordingly. Transaction costs also apply and are incurred when a fund buys or sells holdings. The performance returns do not reflect any initial charge; any such charge will also reduce the return. Graph is in USD.

Fund Profile

Aim

Long-term capital growth

Investment Case

Provides pureplay exposure to global renewable energy markets. We believe that over the next twenty years the sustainable energy sector will benefit from the combined effects of strong demand growth and improving economics of renewable energy supply. The sector will benefit from both public and private support for low carbon technologies.

Process

50% top down, 50% bottom up. Value bias in bottom-up stock selection.

Portfolio

Concentrated equally-weighted portfolio of 30 positions. Majority of Fund invested in stocks over \$500m in size.

Investment Objective

An equity fund which invests in companies in the solar, wind, hydro, geothermal, biofuels, biomass and energy efficiency sectors.

The Fund is actively managed and uses the MSCI World Index as a comparator benchmark only.
