11.5. A Termination Charge may apply if the Contract is terminated where any remaining Establishment Charges are yet to be applied. Charges will be as specified in the Contract Certificate.

11.6. Monetary charges are reviewed on a yearly basis to reflect changes in inflation and may be increased without notice. To ascertain at any time the then current charges and minimum and maximum values, enquiries should be directed to the Company.

12. Contributions

12.1. Contributions made in accordance with Clause 3.2 are flexible in terms of amounts and frequency, subject to the Contract Limits, acceptance by the Company and any applicable legal, regulatory, commercial, or other considerations and obligations from time to time.

12.2. All Contributions must have the appropriate information provided as the payment reference (as instructed by the Company) as this allows the Company to identify the Contract Owner and to allocate the Contributions to the Contract. Any Contributions without such payment reference may not be allocated to the Contract and may be returned to the originating bank account, and Bank Transfer Charges may apply.

12.3. A Contribution is regarded as paid on the later day on which it is credited to the Company's bank account and the date that the Contribution received can be clearly identified as relating to the Contract.

12.9. The Company cannot guarantee that additional Contributions will be accepted on the same terms and conditions as set out in these Terms and Conditions. The Company therefore reserves the right to decline any additional Contribution payment at its reasonable discretion.

12.10. If the Contract Owner, following the rejection of an additional Contribution, wishes to make an additional payment, they can opt to take out a new contract with the Company. The new contract will be separate from this Contract and will be subject to the terms and conditions then offered to the applicant(s).

13. Withdrawals

13.1. If the Contract Owner wishes to take a Withdrawal from the Contract, they may do so at any time and must instruct the Company via their Online Account.

13.2. If the Contract is held by joint Contract Owners, then either of the Contract Owners can instruct a Withdrawal from the Contract to the Nominated Bank Account.

13.3. The maximum Withdrawal amount which can be instructed is 95% of the termination value at the time of the instruction.

13.4. When the Company receives a Withdrawal instruction through the Online Account, the Company will sell the appropriate number of Units from the Investment Options to make payment of the proportion of the Contract Benefit requested, subject to the Contract Limits stated in the Contract Certificate and there being no legal or regulatory restrictions.

13.5. The Company does not apply transaction charges to any Withdrawal instruction, but Currency Conversion Charges and Bank Transfer Charges may apply.

14. Termination

14.1. The Contract Owner can instruct the Company to terminate the Contract at any time and the Company will treat this instruction as the Contract Owner's request to make full and final payment of the termination value to the Nominated Bank Account.

14.2. All termination instructions must be sent to the Company via the Online Account.

14.3. If the Contract is held by joint Contract Owners, then either of the Contract Owners can instruct a termination.

14.4. The termination value is the value of cancelled Units calculated on the next Valuation Day after the termination instruction has been received by the Company, less the relevant charges as described in Section 11.

14.5. If the Contract is terminated during a period of deferral, then the Investment Options are not valued. The termination instruction will not be processed until the period of deferral has ended and a new valuation is then calculated on the next Valuation Day.

14.6. The Company can serve notice to the Contract Owner at any time that the Company needs to terminate the Contract, but this will be limited to the following special circumstances:

14.6.1. The Contract Value falls to zero;

14.6.2. The Company is notified that the Contract Owner has been exposed to legal sanctions and/or prosecution by a competent authority, which materially impacts either the Contract Owner or the Company's ability to be a party to the Contract;

14.6.3. The Company is prohibited from continuing to perform its duties under the Contract by a competent legal or regulatory authority; or

14.6.4. The Company's ability to accept Contributions and/or pay the Contract Benefit is materially impacted by legal, regulatory, or commercial circumstances.

14.7. In circumstances where the Company gives notice to or are instructed to terminate the Contract, all remaining Units in the Investment Options linked to the Contract will be sold and the Company will return the resulting Contract Benefit to the Contract Owner, subject to there being no legal or regulatory restrictions. If there are any pending transactions these will be completed before the Company processes the termination.

14.8. Notwithstanding 14.5 and 14.6, Currency Conversion Charges and Bank Transfer Charges may apply.

14.9. The Company reserves the right to deduct a Termination Charge at its discretion should the special circumstance in Clause 14.5 arise.

The Contract Owner must, at any time during the term of the Contract but before the death of the Life Assured, nominate a Beneficiary to whom the Death Benefit is to be paid and if more than one, the amount of their respective share in the Death Benefit. The Contract Owner can nominate a maximum of four Beneficiaries. The Nominated Beneficiary details provided will be used for identification and to contact the Nominated Beneficiary in the event of the death of the Contract Owner(s). At such point, the Company will require the further provision of certified documentary evidence in order to verify the identity and residential address of the Beneficiary, and any other information that would otherwise be required from the applicant at that time.
- 15.3. If a Nominated Beneficiary is under the age of 18 years, any payment due to that Nominated Beneficiary will be made to the Nominated Beneficiary's parent or legal guardian.
- 15.4. Nomination of a Beneficiary must be done at the time of application or using the Online Account thereafter. If the Contract is held by joint Contract Owners, then either of the Contract Owners can amend a Nominated Beneficiary.
- 15.5. The Company is under no obligation to determine the validity of a Beneficiary nomination, or whether there are any restrictions or prohibitions in law governing the distribution of property that could affect the execution of an instruction.
- 15.6. The nomination of a Beneficiary shall not:
 - 15.6.1. Affect the ownership of the Contract which will remain with the Contract Owner(s); and
 - 15.6.2. Confer any right or rights in the Contract on a Nominated Beneficiary until the Death Benefit becomes payable by the Company.
- 15.7. The nomination of a Beneficiary will automatically be revoked in the event of:
 - 15.7.1. The termination of the Contract without value.
 - 15.7.2. The Contract Owner's instructions to do so using their Online Account.
 - 15.7.3. The Nominated Beneficiary predeceasing the Contract Owner.
 - 15.7.4. The ownership of the Contract is changed by deed of assignment.
- 15.8. Where the Contract is taken out or held by one Contract Owner, and in the absence of a Nominated Beneficiary, the Company will accept instructions from the deceased Contract Owner's legally appointed executor, personal representative, or administrator (as applicable) of their estate. In this case, payment of any outstanding Contract Benefit or termination value will be paid to the executor, personal representative, or administrator of the estate.
- 15.9. Any change of ownership of the Contract should be made by deed of assignment. No assignment of the Contract shall be binding on the Company unless it is in writing and a notice of assignment has been received by the Company whilst the Contract is active. The deed of assignment must be fully completed and signed by the current Contract Owner(s) and the new Contract Owner(s). The Company assumes no responsibility for the validity of any assignment and where accepted shall be entitled to rely on the express written instructions in the assignment instrument.

- 15.10. The deed of assignment will be finalised by the Company once all verification of identity and address documentation in connection with the assignment has been received by the Company.
- 15.11. The Company reserves the right to reject an assignment.
- 15.12. The Company reserves the right to assign or novate any or all of its rights and obligations under the Contract to a third party at any time upon giving the Contract Owner(s) at least two (2) months' notice in writing.
- 15.13. The Contract Owner(s) will be deemed to have accepted the novation, and/or assignment of the Contract one (1) month from receipt of the notice if the Company has received no instruction to terminate the Contract from the Contract Owner.

16. Death Benefit

- 16.1. In the case of a single life Contract, the death of the sole Life Assured will give rise to the Death Benefit claim. In the case of a joint life Contract, the death of the second of the Lives Assured will give rise to the Death Benefit claim.
- 16.2. The Death Benefit is payable only after receipt by the Company of a certified copy of the death certificate or equivalent and all other documents and any other information that the Company may reasonably request.
- 16.3. The Company shall pay to the Nominated Beneficiary the Death Benefit of 101% of the Contract Value, unless the sole or last surviving Life Assured is over age 75 on the Contract Start Date of the Contract, in which case 101% of the termination value of the Contract will be paid. Where the age of any Life Assured is incorrectly stated in the Contract Certificate, the Contract will not become void, but any benefit will be adjusted to the extent that the Company considers appropriate.
- 16.4. For the purposes of calculating the Death Benefit, the relevant Valuation Day will be the next Valuation Day after the receipt by the Company of a valid notification of the death of the Life Assured or, if more than one, the death of the second Life Assured.
- 16.5. If the Company is unable to make payment to a Nominated Beneficiary, or if a Nominated Beneficiary should declare in writing to the Company that they do not wish to receive the Death Benefit, the Company will seek to make payment of the relevant percentage of the Death Benefit to the deceased Contract Owner's legally appointed executor, personal representative or administrator (as applicable) of their estate.
- 16.6. Where a Contract Owner has died, the Company reserves the right to refrain from acting on any instructions until a decision has been received, following a reasonable request, from a competent court sanctioning an individual's appointment or probate is granted on the deceased Contract Owner's estate.
- 16.7. The Company does not apply transaction charges to any Death Benefit, but Currency Conversion Charges and Bank Transfer Charges may apply.
- 16.8. If the death giving rise to the claim was suicide, and if the death occurred within one year of the Contract Start Date, the Company will have complete discretion as to the amount of the Death Benefit payable. However, the amount payable shall never be less than the Contract Value.

17. Unclaimed Contract Benefits

- 17.1. Although the Company will pay the relevant Contract Benefits, there may be situations where the Contract Owner or Nominated Beneficiary do not claim the Contract Benefits.

Contract Terms and Conditions

17.2. In such a situation, the Company will endeavour to contact the Contract Owner or Nominated Beneficiary by any reasonable means available at the time. If after all reasonable efforts to contact the Contract Owner or Nominated Beneficiary are exhausted or five years elapse from the date the Contract Benefit was due to be paid, then the Contract Benefit will be classified as unclaimed.

18. How to make a Complaint

19.2. In the event that the Company's appointed actuary decides that the changes are not possible then the Contract will be terminated. The terms of the termination will be determined by the appointed actuary who will take into account the interests of the Contract Owner and those of the Company.

20.2. The Company may change the terms of the Contract where there are legal, regulatory, or other circumstances that materially affect its ability to meet or perform its obligations under the Contract.

20.3. The Company may also make changes to the Contract to improve clarity, rectify errors or omissions.

20.4. Any amendment will be notified to the Contract Owner through the Online Account.

21. Deferral

21.1. In exceptional circumstances it may be necessary where there is reasonable and sufficient cause for the Company to defer to act upon the Contract Owners instructions to:

21.1.1 accept Contributions;

21.1.2 change Investment Options; or

21.1.3 pay the Contract Benefit or Death Benefit.

21.2. The Company will communicate with the Contract Owner through the Online Account as soon as reasonably practicable to confirm the reasons for any required deferral action and any actions the Contract Owner may need to take, which may relate to events such as but not limited to:

21.2.1. a suspension or closure of a selected Investment Option;

21.2.2. an underlying external fund being subject to exceptional trade volumes that impacts the operation of a selected Investment Option; or

21.2.3. other reasons outside of the Company's control.

21.3. It is not possible to specify every potential event, but where appropriate the Company's appointed actuary will act to protect the collective interests of its Contract Owners, and to ensure that its Contract Owners are treated fairly.

21.4. As a deferment can arise for numerous reasons, the Company has the right to value the Hansard Unit-linked Fund at nil or on any other reasonable basis during the period of deferment. External fund managers of an underlying asset in any Hansard Unit-linked Fund may exercise similar rights of deferment.

21.5. Where it becomes necessary to defer, the Contract Benefit, Death Benefit, switch and/or redirection will be calculated on the next Valuation Day after the end of the period of deferment.

21.6. The Company shall be entitled to a reasonable extension of time to perform any obligation under this Contract where the delay is due to any cause beyond its reasonable control.

22. Force Majeure

22.1. The Company will not be responsible for any delays or losses resulting from causes beyond its reasonable control, including without limitation: fire, explosion, flood, earthquake, storm, tornado, hurricane, war, strike, riots, acts of terrorism, or acts of God, mechanical breakdown, computer or system failure, interruption of power supplies, legislative changes, market conditions affecting the execution of transactions or value of Investment Options, any other cause beyond our reasonable control as a consequence of which we can no longer administer your Contract for a given period. The Company will use commercially reasonable efforts to avoid or remove such causes of non-performance and continued performance under the Contract as soon as reasonably practicable.

23. Law and Jurisdiction

23.1. This Contract and any dispute or claim arising out of or in connection with it or its subject matter or formation shall be governed by and construed in accordance with the laws of the Isle of Man.

23.2. The courts of the Isle of Man shall have exclusive jurisdiction to settle any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with this Contract or its subject matter or formation.

23.3. These Terms and Conditions are written in the English language. If these Terms and Conditions are translated into any other language the English language text shall prevail.

24. Miscellaneous Provisions

- 24.1. The Contract is an agreement between the Company and the Contract Owner, and no other party shall have any legal rights in relation to the Contract. Notwithstanding this, if the Contract Owner is incapacitated, either mentally or physically, and has put in place an Enduring Power of Attorney, the Company will accept the appointment of the Contract Owner's Attorney as having legal authority over the Contract once the Company has been provided with documentary evidence that confirms to its reasonable satisfaction a bona fide appointment and proof of identification of the natural person under the Enduring Power of Attorney.

25. Levies for Contract Owner protection

- 25.1 This Contract is covered by the terms of the Isle of Man Life Assurance (Compensation of Policyholders) Regulations 1991. The Company shall be entitled to make deductions as it deems appropriate at its sole discretion from the Investment Options and/or benefits payable under this Contract in respect of the operation of any statutory Contract Owner protection scheme from time to time in operation in the Isle of Man.

26. Waiver

- 26.1 No delay or omission by us in exercising any right under the Contract will operate as a waiver of it, nor will any single or partial exercise of it preclude any further exercise of any right.
- 26.2 No waiver of any breach of the Contract, and no course of dealing between the contracting parties, shall be construed as a waiver of any subsequent breach of the Contract.

27. Severance

- 27.1. If any clause in this Contract is held invalid or unenforceable for any reason by any court of competent jurisdiction, such clause shall be severed and the remainder of the Contract shall continue in full force and effect.
