Plan for life

GENERALI
International

Introduction

Vision for a brighter future

When you take the time to contemplate your future, what do you see? A comfortable and fulfilling retirement, your children enjoying the best education that money can buy or simply the satisfaction of knowing that your financial future is secure? Your hopes and aspirations will be unique to you. But to make your dreams a reality, you need to focus on achievable ambitions and to structure your finances effectively. Only by doing so will the commitment made today produce the rewards you hope for.

It's all too easy to get wrapped up in the challenges of your day-to-day life and not take charge of your future. But the sooner you decide to take the initiative, the sooner your money will be working for you, and you can enjoy the satisfaction of being in control of your financial destiny.

Your Financial Adviser will give you the guidance you need to make the most of the opportunity that lies before you. And, with the help of Vision from Generali International, your foresight can be rewarded.

Vision is a living investment that adapts to the changes in your life

Enjoy access to the potential of the world's financial markets

Provided by a company that is part of one of the world's largest financial groups

Why choose Vision?

Most of the important things in life don't come easily. A combination of planning, commitment and your Vision plan can empower you to meet your financial goals.

A foundation for the future

Whatever you plan for your future, it's almost certain you will need financial resources available at the right time to be able to achieve the things you want. But you can't leave something as important as your financial future to chance.

What you also need is a flexible investment solution that will help turn your vision of the future into a reality. Vision from Generali International is a living investment that evolves to meet your changing needs throughout your life.

Standing out from the crowd

Let's face it, today's financial arena is a competitive and crowded market place where many companies provide a wide range of products that might be suitable for your needs. Vision really stands out from the rest, with a number of benefits that can make it the ideal partner on your financial journey.

Investment choice is provided through a wide range of top performing funds from leading Fund Houses. This allows you to start your journey with a portfolio that faithfully reflects your investment needs and attitude to risk.

Exceptional flexibility with a range of options that allow you to amend your plan, should the need arise. Please see the plan Details Guide for details.

Real value is a hallmark of Vision, with a range of benefits to reward you, including loyalty rewards for consistent savers, as well as increased allocations for larger investors.

Provides focus for some of the most important landmarks in your family's journey through life, including provision for your retirement, providing for children's education and ensuring that you have the ability to accumulate and distribute your wealth in a tax-efficient manner.

In good hands with Generali

Whoever you entrust your wealth to, you need to know that they are secure and trustworthy. By choosing Generali International, you have peace of mind knowing that Generali International is a member of an organisation with global expertise and financial stability.

The strength of a name

Focus on features

Our Vision plan is packed with helpful features that make it an ideal solution to a wide range of needs.

Currency choice with premiums accepted in US dollar, GB pound, HK dollar, euro or Japanese yen.

Payment alternatives provided by two types of payments to your plan - regular premiums or lump sums. Regular premiums can be paid on a monthly, quarterly, half-yearly or annual basis and lump sums can be paid at any time.

Variable premiums that allow you to increase, reduce or put on hold your regular payments or add a lump sum. See Section 3 of the Plan Details Guide.

Surrender options which allow you flexible access to your plan proceeds. Full surrender may incur charges as outlined in Section 11 of the Plan Details Guide.

Investment choice through a selection of more than 200 top performing funds, from leading Fund Houses, to match a wide variety of investment profiles. Please note that certain funds, not authorised by the Securities and Futures Commission of Hong Kong, are not available to Hong Kong investors.

Fund switching so that your investment selections can change in line with your circumstances.

Tax efficiency through investment funds that grow free of Guernsey tax deductions.

Valuable bonuses as a reward for maintaining regular payments to your plan.

Enhanced allocations for larger investments.

Premium protection cover and life assurance options for peace of mind.

Accessible information online round-the-clock, at www.generali-intl.com, including the ability to access information on fund performance and an up-to-date valuation of your Vision plan.

Adapting to changes in your life

It's a fact of life that events, whether planned or outside your control, will change your outlook on life over the years. Vision is a living investment plan that evolves to accommodate changes in your financial priorities.

Reviewing your investment outlook

There are so many events in life that will have a direct bearing on your saving priorities - marriage, children, a new career path, moving house or imminent retirement are just some of the factors that will change your investment perspective. These events make it essential that you and your Financial Adviser regularly review the way in which your Vision plan is invested and agree any adjustments that might be needed.

Reassessing your premiums

When you first set up your Vision plan, you can set your regular premiums at a level that gives your plan the potential to meet your chosen objectives. But your financial circumstances and priorities will inevitably change over time. A promotion may enhance your ability to save or unexpected financial commitments may put undue strain on your ability to maintain the initial payment levels. The flexibility in Vision means you can alter your premium levels in tandem with changes in your circumstances (certain conditions may apply as outlined in Section 3 of the Plan Details Guide), so you can:

- Increase your premiums at any time
- Reduce your premiums
- Enjoy a premium holiday
- Add in single premium top-ups

Your money when you need it

Many investment plans require you to select, at the outset, the date at which you can enjoy the benefits of your investment returns. Vision is a whole of life plan, which allows you flexible access to your plan proceeds. With Vision you don't need to take all the funds from your plan in one go. Instead, if you need to make a partial surrender, you can do so without incurring additional charges. You may also fully surrender your plan at any time. Full surrender may incur charges as outlined in Section 11 of the Plan Details Guide.

Automatic fund switching

It makes sense to ensure that your investments are protected from a downturn in the markets as you approach your planned maturity date. In particular, if you are using Vision to provide for your retirement, the ability to switch investments into less volatile funds as you approach your retirement date is a well-proven strategy. Vision now offers an automatic fund switching facility that filters your investments progressively into specially-designed lower risk funds during the five years leading up to your planned maturity date.

Change your investment profile to adapt to changes in your life

Enjoy the benefit of your investment – whenever you want to

Our automatic fund switching service helps you prepare for retirement

Weighing up the risks and rewards

Vision opens the door to the growth potential of the world's stockmarkets. Risk and reward ratings are designed to help you choose an investment portfolio tailored to your own personal needs.

The choice of over 200 investment funds that Vision offers, and unlimited switching between them, means that you and your Financial Adviser can decide on a balance of funds that fits your personal requirements and investment goals. To make it easier for you to assess which funds offer you the right balance between risk and growth potential, each of the fund options has been allocated a number called the Synthetic Risk and Reward Indicator (SRRI)¹. This number then falls into 1 of 7 risk categories, 1 meaning lower risk and 7 indicating a level of risk that is high, please see table opposite. This is an independent risk indicator provided by Morningstar Inc., a leading provider of independent investment research².

Setting your balance

It is the nature of investments that the higher the potential for returns an investment offers, the greater the level of risk that your money is exposed to. So, while we would all like to enjoy the highest returns that we can, this would imply a level of risk that is out of balance for most of us. On the other hand, by selecting only the 'safest' investment options, the prospects of achieving substantial real returns on your money are minimal. The ideal solution for you will probably lie somewhere between these two extremes.

A significant factor will also be the timescales over which you are able to commit your money to your Vision plan - a longer investment period will give time for the short term ups and downs of the stockmarkets to level out, allowing you to take a less cautious view than you might normally take.

Risk Scale

Risk Scale	Annualised Volatility Intervals	
	Equal or Above	Less than
U*	-	-
1	0.0%	0.5%
2	0.5%	2%
3	2%	5%
4	5%	10%
5	10%	15%
6	15%	25%
7	25%	-

*Funds marked with the symbol 'U' indicate that there is currently insufficient data available to calculate an SRRI.

¹ For further information on the SRRI, please refer to the relevant International Fund Selection Brochure for your particular jurisdiction.

Identify the key landmarks in your financial landscape

Tailor your choice of funds around your needs

Manage your own portfolio, or leave it to our experts

How should I invest?

With over 200 funds in seven risk categories to choose from, there is no shortage of options available under Vision. The question is, on what basis should you make your choice?

Choosing between the wide range of funds that Vision offers can appear a daunting task at first glance. But it is this variety of choice that allows you to establish an investment portfolio that is built around your needs. Where do you start?

Identify your financial landmarks

It is important to ensure that you have adequate cash readily available for day-to-day needs as well as relevant insurance and health cover to protect you against unforeseen events. Then you can start thinking about your long term needs.

You will be able to identify events that will need a substantial financial commitment at a future date. In particular, you may need to consider the cost of financing private schooling for your children and providing for your retirement. These will provide anchor points around which a number of other future needs will revolve and the timing of these will have a bearing on the type of funds your money is invested in.

Let our experts manage your investment

Few individuals have the time, knowledge or inclination to manage their own investment portfolio. The relentless pace of change in an increasingly global economy also means that consistent investment success relies on a regular reappraisal of your strategy. That is why our own Generali International Global Managed Funds are a popular choice for Vision investors.

With our own Generali International Global Managed Funds our professional investment managers use their judgement of the investment environment to allocate investors' money between global equities, bonds and cash with a view to providing consistent investment growth. They also provide you with a geographical spread of investments that, in itself, reduces risk and allows your funds to be directed where the investment managers see the greatest potential for growth.

Setting your own investment focus

Vision also offers freedom for you to make your own investment decisions if you so choose. The wide range of funds available, and the ability to switch between funds, means that you can make your own decisions on how your money is invested and adjust the balance whenever you choose.

*Enjoy higher allocation,
the more you invest*

*Vision rewards your
commitment through
loyalty bonuses*

*We pass on the benefits
of low investment
charges to you*

Giving you more

Vision is designed to help you achieve the future rewards that your commitment deserves. Generali International also rewards your dedication to improving your future.

Saving with Vision can be a rewarding experience. Our Vision product has a number of reward features built in that make it even more attractive.

The more you save, the more we add

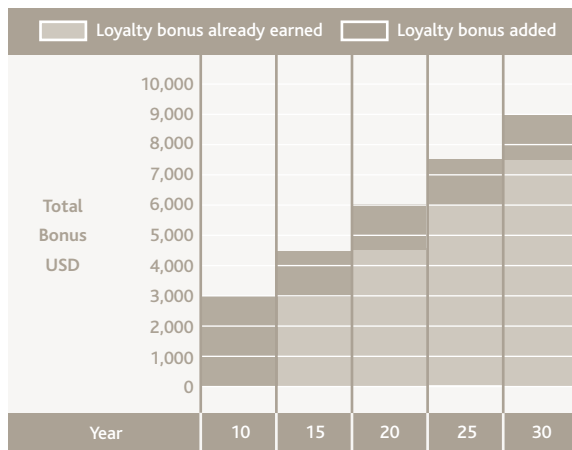

Your Vision plan allocates a greater percentage of the money you invest the more you decide to contribute. The allocation rate increases from 100% for premiums of USD1,800 a year to 105% if you invest more than USD15,000 a year.

Annualised Premium (Less any Premium Protection Cover charge)	USD Allocation Percentage
1,800 to 3,599	100%
3,600 to 5,399	101%
5,400 to 7,199	102%
7,200 to 9,999	103%
10,000 to 14,999	104%
15,000+	105%
All single premiums are allocated at 100%	

Rewarding your loyalty

We believe that loyalty and personal commitment should be rewarded. That is why, if you select a regular premium payment term of 10 years or greater, Generali International pays a loyalty bonus on all regular premiums paid. On its 10th anniversary we allocate to the plan a bonus of 5% of all regular premiums that you have made. Additional bonuses (5% of all regular premiums paid in the previous five years) will be added on the 15th, 20th, 25th and 30th plan anniversaries. These bonuses will be paid provided the specified plan anniversaries occur during the premium payment term selected at outset.

For instance, the chart below shows how your loyalty bonus can grow to USD9,000, by investing as little as USD500 per month for thirty years, with bonuses being added after ten years and every subsequent fifth anniversary.

Helping to maximise your investment returns

The less you pay by way of charges when you invest means more of your money is allocated to your selected funds. The stature of the Generali Group and the substantial assets we invest on behalf of our planholders means we obtain very favourable discounts with a full range of fund managers. Through these discounts, Vision can help you maximise your investment returns.

21. Managing Your Expectations

1. Plan Summary

Vision is a regular premium, whole of life, unit-linked, life assurance product that may be denominated in one of five major currencies. Additional single premiums may be paid at any time during the life of the Plan. Premiums are allocated to purchase units in the fund(s) you have selected and it is the bid value of these accumulated units minus charges for management, administration and additional death benefit (if selected) that provides your ultimate return.

2. Plan Ownership

The Plan is available to any applicant(s) who is (are) aged between 19 next birthday and 70 next birthday at Plan commencement. The maximum number of Planholders is two. A company or trust may also apply for this Plan.

As the planholder, you may nominate beneficiaries to receive the benefits payable on the death of the life (lives) assured. A beneficiary nomination may be made when the Plan is taken out or at any time thereafter.

You may also assign the Plan to a third party.

3. Premiums

Regular premiums can be paid on a monthly, quarterly, half-yearly or annual basis. Single premiums can be paid in addition to regular premiums at any time during the life of the Plan.

Regular premiums of all frequencies can be paid by credit card (Visa Credit or MasterCard Credit), debit card (Visa Debit, Visa Electron or International Maestro, exclusive of UK Maestro) or standing order. In addition, quarterly, half-yearly and annual premiums can be paid by cheque or electronic transfer. Single premiums may also be paid by cheque or electronic transfer. As the Planholder you must meet the cost of payment for all payment types except credit and debit card. Generali will cover the cost of payment raised by the credit or debit card clearing centre. However, we reserve the right to charge for credit and debit card transactions in the future. Your card issuer may apply an additional charge for the transaction which you must meet.

Minimum Premiums

The minimum premiums that can be paid are as follows:

Table 1 - Minimum Premiums

Currency	Monthly	Quarterly	Half-Yearly	Annually	Single Premium
USD	150	450	900	1,800	2,000
GBP	100	300	600	1,200	1,334
HKD	1,250	3,750	7,500	15,000	16,660
EUR	135	405	810	1,620	1,800
JPY	20,000	60,000	120,000	240,000	266,660

For plans with a premium payment term of less than 10 years the minimum regular premiums above are trebled.

These minimum premium levels are correct as at February 2013 although the Company may vary them in the future.

At the Plan Commencement Date, your Plan is comprised of 20 equal Policies, each worth 5% of the total Investment Value. All Investment Choices corresponding to underlying Funds are divided equally between each Policy. Regular Premiums and Single Premiums are allocated equally to these Policies. The number of Policies comprising your Plan may be reduced due to a partial surrender see section "11 Full and Partial Surrender" for details.

3.1 Premium Payment Term

At outset you select a premium payment term to match the financial objectives you have set yourself. The minimum premium payment term is five years. You can qualify for loyalty bonuses if you take out a Plan with a premium payment term of at least ten years.

The premium payment term selected at outset can extend no further than when the relevant life assured reaches age 75 next birthday. The optional additional death benefit will automatically cease on completion of the premium payment term. Premium protection cover will automatically cease when the planholder to whom the benefit applies reaches age 60 next birthday or on completion of the premium payment term, if sooner. On completion of the original premium payment term you may choose to continue to pay premiums up to the relevant life assured reaching age 75 next birthday.

3.2 Changing your Premium Frequency or Amount

You may change the frequency of your regular premium payments to monthly, quarterly, half-yearly or annually.

You can increase regular premiums at any time and you can decrease regular premiums after the initial period.

The minimum premium increase is 5% of the current premium.

The minimum premium decrease is 50% of the minimum premium applicable at the time of the decrease. The reduced premium must not fall below the minimum regular premium level applicable at the time and any optional premium protection cover will be reduced proportionately. Any additional death benefit will not automatically be altered.

3.3 Initial Period

The first 100% of regular premium unit allocations during the initial period are set aside in order to fund the administration fees due over the duration of the premium payment term. The exact period for this funding is shown on the Plan Statement and depends on the premium payment term of your Plan. The following table lists some examples:

Premium Payment Term (years)	Initial Period (months)
5	3.6
10	13.2
15	15.6
25	23
30	28

An increase in regular premiums gives rise to an additional initial period in relation to the amount of the increase only. There is no initial period for single premiums.

3.4 Stopping Premiums

If the surrender value is greater than USD1,500 /GBP1,000 /HKD12,495 /EUR1,350 /JPY200,000 when premiums are stopped, the Plan will become paid-up and our fees will continue to be deducted.

If the surrender value is less than USD1,500 /GBP1,000 /HKD12,495 /EUR1,350 /JPY200,000 when premiums are stopped, we reserve the right to fully surrender the Plan.

If you have stopped paying premiums and the surrender value of your Plan is insufficient to cover the Plan charges or sustain the additional death benefit or if the surrender value is less than USD150 /GBP100 /HKD1,250 /EUR135 /JPY20,000, then the Plan will lapse without value.

On stopping payment of premiums any premium protection cover will automatically be cancelled. Additional death benefit will not be cancelled unless requested.

3.5 Premium Holiday

Should you need to take a temporary break from paying premiums you can do so by requesting a premium holiday, in writing, outlining from when you want this to take effect and for how long you want it to last. The maximum duration of any premium holiday is 12 months.

A premium holiday is available to you anytime after the initial period (see section 3.3) subject to the plan value being able to maintain charges due during the chosen period. We reserve the right to refuse a request for a premium holiday.

4. Plan Currencies

The Plan can be denominated in one of five major currencies – US dollar, GB pound, HK dollar, euro or Japanese yen. The Plan currency selected at outset cannot be changed during the life of the Plan. Premiums must be paid in the Plan currency, except where otherwise stated in the payment instruction form contained in the Application Booklet, and any benefits payable under the Plan will also be paid in the Plan currency.

For the purposes of valuation, funds denominated in currencies other than the Plan denomination will be totalled on your statements in the currency of the Plan denomination. We will use a commercial rate of exchange for this purpose.

5. Life Assurance Benefits

The Plan is available on a single or joint life basis where the life (lives) assured is (are) aged 19 next birthday or older. The maximum age at commencement for a life assured is 70 next birthday. For joint life first death cases this relates to the older life and for joint life second death cases this relates to the younger life.

Depending on the life assurance option chosen at outset, the death benefit will be paid as follows:

- Single life option - the death of the life assured;
- Joint life first death option - the death of the first to die of the lives assured;
- Joint life second death option - the death of the surviving life assured.

Standard Death Benefit

In the event of the relevant death, the standard amount payable will be 101% of the investment value* following our receipt of proper notification of death and proof of title as outlined in the Plan Terms and Conditions.

Additional Death Benefit

Vision also offers you the option of an additional death benefit. If you select this option, the amount payable in the event of the relevant death is the additional death benefit amount selected by you plus the standard death benefit of 101% of the investment value*. The maximum amount of additional death benefit will be limited to the annualised regular premium (after the deduction of the premium protection cover charge, if applicable) multiplied by 40.

The additional death benefit may be selected or altered at any time subject to satisfactory underwriting for increased levels of cover. In some cases this benefit may not be available or may be restricted at the discretion of the Company.

The sustainability of your additional death benefit will depend upon many factors including future investment performance and the cost of life assurance benefits. As this is a flexible Plan, which allows you to make partial surrenders and alter your premiums, a situation might arise where there is insufficient value in the Plan to sustain the level of additional death benefit you have chosen. In the event that the surrender value of your Plan is less than USD150 /GBP100 /HKD1,250 /EUR135 /JPY20,000 after the deduction of charges, the Plan may lapse without value.

* The investment value is the total, for each fund, of the number of units multiplied by the applicable bid price.

6. Premium Protection Cover

This optional benefit provides cover should the selected Planholder become unable to follow their usual or any other employment for a continuous period of 26 weeks or more because of illness or injury. In the event of a claim, premiums will be paid until the earliest of:

- The selected Planholder's return to work;
- The Plan being made paid-up;
- The end of the premium payment term;
- The selected Planholder reaching age 60 next birthday;
- Full surrender of the Plan;
- Notification of a death claim.

The cost of this cover is additional to the regular premium. Current rates are set out below as a percentage of the regular premium:

Age at Plan commencement	Male Rate	Female Rate
Up to 40 next birthday	1% of Regular Premium	1.5% of Regular Premium
41 to 59 next birthday	2% of Regular Premium	3% of Regular Premium

Plan Details Guide continued

In some cases the benefit may not be available or may be restricted. Further details are available on request.

7. Investment Funds

A wide range of funds is available and full details are contained in our International Fund Selection brochure. The funds available fall into two categories:

- Internal funds which are managed by Generali International Limited;
- External funds which are managed by independent fund managers.

At outset you may select up to ten different funds into which your premiums may be invested provided the amount invested in each fund is at least the minimum specified below. Thereafter, by utilising the free redirection and switch facilities, Vision may hold up to 20 funds in total. The minimum amount that can be allocated to a fund depends on the premium frequency and currency as set out below:

Currency	Monthly	Quarterly	Half-Yearly	Annually	Single
USD	30	90	180	360	400
GBP	20	60	120	240	267
HKD	250	750	1,500	3,000	3,332
EUR	27	81	162	324	360
JPY	4,000	12,000	24,000	48,000	53,333

7.1 Switching

You may choose to alter your investment by switching units from your existing fund or funds into a new fund or funds. You may make an unlimited number of full or partial switches during the life of the Plan. Future premiums will continue to be allocated to the original funds unless otherwise instructed. There is currently no fee for switching although Generali International reserves the right to review this in the future.

Switches in and out of internal funds are normally processed using the last available bid price. Switches out of external funds are processed using the next available bid price, whereas switches in use the next available discounted offer price.

7.2 Premium Redirection

You may choose to redirect future premiums to a different fund or funds provided that the minimum premiums per fund are met in respect of the new fund. The redirection will take effect at the next premium allocation date. There is currently no fee for redirection although Generali International reserves the right to review this in the future.

7.3 Automatic Fund Switching

Automatic Fund Switching (AFS) is designed to facilitate you as you approach your investment goal, in particular, retirement. The AFS facility may be used to help safeguard your investment against market fluctuations by gradually switching your existing units into a low risk fund over a five year period. AFS can commence at any time after the Plan has been in force for five years. There is currently no fee for this facility although Generali International reserves the right to review this in the future.

Further information on AFS can be found in the Plan Terms and Conditions.

7.4 Fund Performance

Past performance is not indicative of future performance and the investment risk is borne entirely by you, the Planholder. You are responsible for your own investment decisions and we do not undertake to provide specific information on each fund or investment held. We do not provide investment advice. If required, you should seek this from your financial adviser.

7.5 Fund Closure

Generali International reserves the right, under exceptional circumstances, to close any of our internal or external fund links at our absolute discretion. Closure may be to future unit holdings only or to future and existing unit holdings. External fund managers also reserve the right to close fund links at their discretion.

In the event of such a closure, Generali International will aim to give the Planholder three months' written notice. Where this is not possible, this period of notice will be approved for Hong Kong residents by the Hong Kong Securities and Futures Commission. Generali International will also provide details of an alternative fund(s) into which future premiums can be redirected and into which existing units can be switched if the fund is closed to existing holdings.

You have the option to send us alternative instructions. If instructions have not been received from you within the deadlines outlined in the notification from us, Generali International will automatically redirect future premiums and, if the fund is closed to existing holdings, we will switch existing units into the alternative fund(s).

8. Allocation Rates

The table below shows how regular premiums may benefit from an enhanced allocation.

Annualised Premiums (less any Premium Protection Cover charge)					Allocation Rate
USD	GBP	HKD	EUR	JPY

15,000 +	10,000 +	124,950 +	13,500 +	1,999,950 +	105%

All single premiums are allocated at a rate of 100%.

9. Loyalty Bonus

On the 10th Plan anniversary and every 5th Plan anniversary thereafter (within the 30 years following Plan commencement or the original premium payment term, whichever is less) a bonus equal to 5% of all regular premiums received during the preceding period is added to the Plan. The preceding period is the first ten years for the first bonus and then the five years immediately preceding each subsequent bonus.

This bonus does not apply to any single premiums or plans with an original premium payment term of less than ten years.

10. Fees and Charges

Administration Fee (Applies to regular premiums only)	Payable up to year 10 2% p.a. of total premiums due from outset to the relevant Plan anniversary.
	Payable after year 10 0.3% p.a. of total premiums due from outset to the relevant Plan anniversary.

The administration fee is taken from units credited during the initial period (see section 3.3) and associated dividend units. It is applied using the average offer price at which units were calculated in the initial period.

In subsequent years the price is recalculated to take account of fees already paid and units cancelled.

The administration fee will also be applied to any increases in premium. If the premium is decreased, the administration fee will continue to be based on the highest regular premium level selected.

Each administration fee will continue for 30 years or until the completion of the premium payment term, whichever is earlier.

In the event of surrender before the end of the premium payment term, Generali International will deduct, from the surrender value, any administration fees which would have otherwise been deducted had the Plan not been surrendered.

Plan Fee
(Applies to regular premiums only)

The Plan fee is dependent on the premium frequency and is deducted from regular premiums before the premium is allocated to funds:

	USD	GBP	HKD	EUR	JPY
Monthly	4.50	3	37.50	4.05	600
Quarterly	12	8	100	10.80	1,600
Half-Yearly	24	16	200	21.60	3,200
Annually	45	30	375	40.50	6,000

Investment Administration Charge
(Applies to regular and single premiums)

1.5% p.a. is deducted from the units allocated to the Plan, annually in arrears on the Plan anniversary.

Establishment Charge
(Applies to single premiums only)

1.5% p.a. of the single premium amount, deducted from units annually in arrears on the Plan anniversary and payable for five years following allocation of the single premium.

If a single premium is paid on a date other than a Plan anniversary/Plan commencement date, this charge is spread over six Plan anniversaries (due to pro rata calculations).

Establishment charges are applied to each single premium paid.

Early Discontinuance Charge
(Applies to single premiums only)

The early discontinuance charge will only apply if the Plan is surrendered before all applicable establishment charges have been deducted. The early discontinuance charge will be equal to any establishment charges that would have been deducted had the Plan not been surrendered.

Additional Death Benefit Charge

If additional death benefit is applicable, a charge is calculated based on the level of the additional death benefit, mortality rates and the results of any underwriting. The Planholder will be advised of the cost of the additional death benefit at Plan commencement. The cost is deducted from units monthly in advance.

Premium Protection Cover Charge

If premium protection cover is applicable, a charge is calculated based on the regular premium selected and deducted before premiums are allocated to units. The cost of this cover is shown in Section 6.

NB. All charges that are taken from units are deducted at the last available bid price unless otherwise stated.

Charges within the Fund**

	Internal Funds	External Funds
Bid/Discounted Offer Spread	0% to 1%	0% to 2%
Annual Management Charge	0% p.a.	0.5% to 3% p.a.

Please note that in some internal funds there may be an advisory charge of up to 0.75%p.a.

** These charges are dependent on fund choice. Information on the range of funds available can be found in our International Fund Selection brochure. For further information please refer to the individual fund prospectus, published by the fund manager, which will be made available by Generali International.

Accrued Charges

During the initial period, only regular premium unit allocations greater than 100% and single premium unit allocations will be used to meet the cost of investment administration charges, establishment charges and mortality charges. If these units are insufficient to meet the cost of these charges, the difference will accrue against the Plan and will be repaid by deductions from future unit allocations.

11. Full and Partial Surrender

Full or partial surrenders may be made. Individual Policies within a Plan may be surrendered.

Full Surrender

The surrender value of your Plan is the current investment value* less any, accrued charges, pro rata investment administration charges due, administration fees which would have otherwise been deducted over the remaining premium payment term, applicable fund exit charges and applicable early discontinuance charges.

Normally, surrender proceeds will be remitted within 15 working days of our receipt of the proper notification. In exceptional circumstances, such as extreme stockmarket conditions or delayed fund dealing, Plan surrenders may be delayed.

* The investment value is the total, for each fund, of the number of units multiplied by the applicable bid price.

Partial Surrender

Once your Plan has acquired a surrender value of USD2,250 /GBP1,500 /HKD18,745 /EUR2,025 /JPY300,000, partial surrenders may be taken subject to a minimum payment of USD750 /GBP500 /HKD6,250 /EUR675 /JPY100,000 and a remaining surrender value of at least USD1,500 /GBP1,000 /HKD12,495 /EUR1,350 /JPY200,000 plus any outstanding establishment charges, if applicable. There is no fee for this facility.

12. Regular Income Facility

Income may be taken at any time during the life of the Plan provided the surrender value of your Plan does not fall below USD1,500 /GBP1,000 / HKD12,495 /EUR1,350 /JPY200,000 plus any outstanding establishment charges, if applicable. It can be taken monthly, quarterly, half-yearly or annually. The regular income facility is subject to a minimum income payment of USD75 /GBP50 /HKD625 /EUR68 /JPY10,000. Income payments can be taken as a percentage of the Plan or as a fixed amount.

13. Cancellation Rights

If you are not satisfied with your investment, for whatever reason, you can decide not to go ahead with the Plan during the Cooling Off period which ends 30 days after the Plan commencement date. The Welcome Pack will contain a Cooling Off Notice that you must complete and return to us if you wish to avail of this Cooling Off option.

Hong Kong residents are asked to refer to our "Your Right to Change Your Mind" leaflet. The Hong Kong regulator states that the Cooling Off period ends 14 days after the Plan commencement date, 21 days after the application date or 5 days after the delivery of the Plan to you or your representative, whichever is the latest.

It is sufficient for you to send the Cooling Off Notice within the timeframes detailed above to exercise your Cooling Off rights. If the Plan is cancelled during the Cooling Off period, you will receive a full return of any premiums paid less an adjustment for any downward movements in the value of the fund(s) in which they are invested and any associated investment or disinvestment costs, occurring between the date of investment and the time the Plan units are sold.

14. Assignment

Notices of assignment must be sent to Generali International Limited either at the regional or head office. The addresses are listed at the back of this brochure.

It is not normal practice for Generali International to acknowledge an assignment of a Plan unless there are mitigating circumstances, for example, where a commercial arrangement such as a mortgage can be evidenced.

15. Tax Benefits

Your tax liability in respect of any benefit payments received from the Plan will depend on your personal circumstances and on the tax laws of your country of residence and domicile.

Advice on your personal tax situation should be obtained from a professional tax adviser. At present, provided you are not or do not become a Guernsey resident, you do not have any liability to taxation in Guernsey.

16. Investor Protection

Planholders with Generali International benefit from Guernsey's policyholder protection regime under the licensing conditions imposed by the Guernsey Financial Services Commission under the Insurance Business (Bailiwick of Guernsey) Law, 2002 (as amended).

Planholder protection has always been important, now more than ever, though not all jurisdictions have a protection arrangement. Guernsey has had a unique approach to providing Planholder protection since 1986. The overriding aim is to protect Planholders in the event of an insurer getting into financial difficulty. Rather than create a fund by a levy on insurers (the "Fund Approach"), whether pre-funded or post-funded, the Guernsey regulator's approach is to require the insurer to place at least 90% of the assets that support its liabilities to Planholders on trust with a reputable independent third-party trustee (the "Trust Approach"), in other words, the insurer is no longer the legal owner of the assets.

Generali International Limited's trustee is Credit Suisse Trust Limited in Guernsey. The requirement is to have at least 90% of assets backing

Planholder liabilities held on trust at all times. This is formally tested and evidenced by Generali International Limited and the trustee to the Guernsey regulator each quarter. Whilst the regulatory minimum to be held on trust is 90%, in practice, the figure is higher than this. Whatever is held on trust always requires the trustee's authority to take out of trust (the trustee having first checked the 90% requirement again), e.g. when a Planholder wishes to have a full or partial surrender. In other words, the 90% protection relates to the Plan's market value (as it changes over time with markets potentially moving substantially up and down) and is not 90% of premiums paid.

For regulatory purposes we are required to advise and warn you that:

In the event of a failure of Generali International Limited, notwithstanding this Trust Approach, you may not get back 90% of the premiums you have paid and the Surrender Value you receive will depend on market fluctuations and may be substantially less than your total premiums paid.

The rationale for the Trust Approach is that in the event of failure the insurer's general creditors have no means of laying a claim against the assets placed in trust. Ordinarily, where an insurer has difficulties, the administrator or receiver immediately steps in, and stops all payments, and takes all the assets owned by the insurer (which include the assets within Plans, as they are owned by the insurer and not the Planholder). This is then followed by a procedure often involving the courts and taking a long time, potentially years. However, with the Trust Approach, the assets placed in trust that support an insurer's liabilities are never owned by the insurer (as would ordinarily be the case) and so the administrator or receiver cannot lay claim to them. In the event of the insurer's failure, the trustee in conjunction with the regulator will continue the normal operations of the insurer - there is no need to close the operation down and Planholders will at all times have normal access to the value within their Plan supported by the assets held on trust.

Under the Trust Approach, Planholders will receive the market value (Generali International Limited refers to this as the Investment Value) at the time of any surrender or partial surrender (less any charges) of Plan assets in trust. For the sake of clarity, this means that at any time before or after a potential failure by the insurer, Planholders are likely to receive a higher or lower monetary value compared to the premiums actually paid. In the event of a failure of the insurer, unlike the Fund Approach to Planholder protection adopted by some regulators, under Guernsey's Trust Approach, there is no monetary or percentage limit on what you receive right up to market value and also the market value of assets in trust would be available immediately (in line with the settlement dates of the corresponding underlying Funds) instead of having to wait months or years for the administrator, receiver or court to finalise matters.

17. Complaints

We hope that you will not feel the need to complain but, if you do, all complaints should be directed in writing to the Head of Customer Services, Generali International, PO Box 613, Generali House, Hirzel Street, St Peter Port, Guernsey, Channel Islands, GY1 4PA.

Contacting the Hong Kong Securities and Futures Commission (HKSF) will not prejudice the Hong Kong planholders' right to take legal proceedings.

18. Regulators

Generali International Limited is licensed under the Insurance Business (Bailiwick of Guernsey) Law, 2002 and regulated by the Guernsey Financial Services Commission. Their address is Guernsey Financial Services Commission, La Plaiderie Chambers, La Plaiderie, St Peter Port, Guernsey, Channel Islands, GY1 3HQ.

In Hong Kong, this product is regulated and authorised by the Hong Kong Securities and Futures Commission (HKSF). They can be contacted at The Hong Kong Securities and Futures Commission, 8th floor, Chater House, 8 Connaught Road Central, Hong Kong. This authorisation does not imply official approval or recommendation.

19. Information that will be supplied to you during the term of the contract

During the term of the Plan, the following information will be provided to you:

- Any change in the name, legal form or the registered and/or business address of the insurer;
- Any alteration to any term of the contract that results in a significant change to the information provided in this document (with the exception of taxation issues);
- An annual statement of the investment value of the Plan in the form of a valuation statement.

20. Important Notes

Generali International accepts responsibility for the accuracy of the information contained in this brochure, which is correct as at February 2013. Specific details are contained in the Plan Terms and Conditions, which are made available by Generali International or direct from your financial adviser and will be supplied to you when a Plan is issued.

If any conflict arises between this Plan Details Guide and the Plan Terms and Conditions, the Plan Terms and Conditions will take precedence.

The plan is governed by and construed in accordance with Guernsey Law. This does not prejudice your rights of recourse to the law of any jurisdiction and does not preclude the right to bring legal action in any relevant court, including the courts of Hong Kong.

The Company reserves the right in certain circumstances, in order to protect other planholders, to defer an investment or surrender.

If you propose to take out a Plan in complete or partial replacement of a similar existing Plan, please take special care to satisfy yourself that this Plan meets your needs. In particular, please make sure that you are aware of the financial consequences of replacing an existing Plan. The cancellation, reduction or surrender of an existing life assurance contract for the purpose of subscribing to another similar life assurance contract may be disadvantageous to you. If you are in doubt about this, please contact your financial adviser.

We may review the Plan Terms and Conditions or charges if, in the opinion of our Appointed Actuary, circumstances outside our control have changed in a way that we could not have reasonably predicted at the start of the Plan or where, if we were not to revise the Plan Terms and Conditions, the results would be unfair to our Planholders or to Generali International Limited. Such circumstances would include, but are not limited to:

- A change in the law under which the Plan operates;
- A change in the tax treatment of the Plan;
- A change in the tax treatment of life assurance companies and their investments.

Any changes to the Plan Terms and Conditions will be notified to Planholders in writing in advance of their taking effect. Generali International will aim to give the Planholder three months' notice. Where this is not possible, this period of notice will be approved for Hong Kong residents by the Hong Kong Securities and Futures Commission.

The information in this guide has been prepared in accordance with Generali International's understanding of current law and fiscal legislation. Generali International cannot take any responsibility for its interpretations or for future changes. Intending applicants should, in all cases, consult their own financial advisers.

21. Managing Your Expectations

Investment involves risk. The value of your Plan is not guaranteed and can go down as well as up. The value of your Plan may also rise and fall purely on account of exchange rate fluctuations if any of the investments are denominated in a currency other than that of your Plan.
