Note: Remember that KNG can make it easy for you to obtain customer signatures via DocuSign.

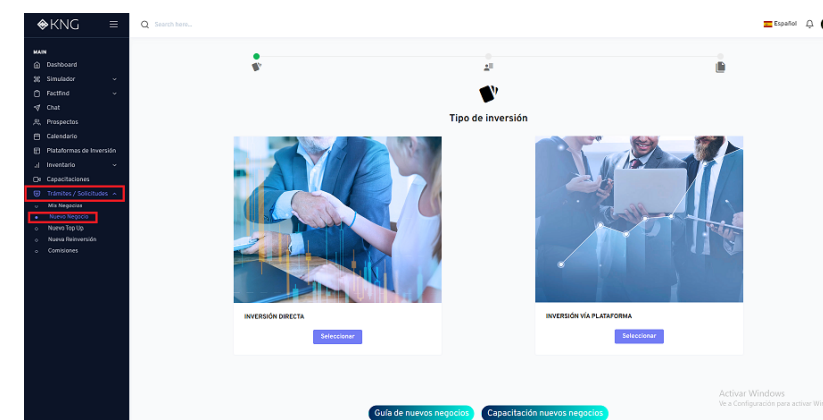

Step 3

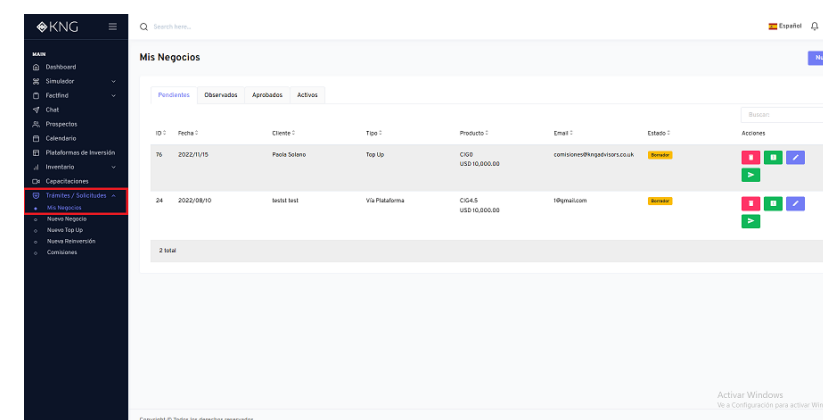

KNG's administrative team will review the application, if changes need to be made, your business will appear under the Pending tab. If everything is in order, the status of the application will be changed to Approved and KNG will take care of sending the documents to be signed.

The application form can be found in the inventory of the KNG portal, in the Propifi section.

To upload your client's documents, in the left side menu select the option Procedures/Applications and then New Business.

On the My Business tab on the KNG portal, you can monitor the status of the application.

1 to 2 months before the investment expires, we will give notice for the client to decide if they want their investment returned along with their last coupon payment, or if they wish to reinvest.
