The company goes from strength to strength.

## Summary

Woodville Consultants, a leading UK based litigation funding specialist, offers qualified investors a fixed income (paid quarterly).

No-win, no-fee agreements are an important part of litigation financing and allow people access to justice without the risk of prohibitive costs. Woodville focus on these claims, which are typically ignored by the large litigation funders who cannot process such small claims on the required scale.

The main advantage of entering into a conditional fee agreement is that the client and solicitor share the risk as well as the costs of a commercial claim. If the case is unsuccessful, a client will only have to pay a small amount, if any, of a solicitors' fees and for disbursements and expenses.

The company continues to go from strength to strength:

- Woodville Consultants have now surpassed £125m AUM.
- The company track record remains flawless, with over £100m in repayments made to an investor base of 4000+ individuals and corporations.
- We have successfully launched a series of new bonds in EUR, USD, GBP, ILS and CHF. All maturing 2026, available now for investment.
- We continue to make significant strides in the litigation funding market, as we receive more frequent funding requests from highly reputable SRA regulated law firms
- Over 75,000 claims have been funded, with zero defaults
