Dear Team,

As requested, please advise your clients that once requested by Woodville, and subject to the terms and conditions of the agreements between Talisman and Woodville, a performance bond for the capital invested by the investor, insuring the inability of the solicitors to pay, will be issued.

For the absolute avoidance of doubt, in the unlikely event that the law firm fails to repay each of your individual case loan capital, then pursuant to the terms of the Bond, Talisman Casualty LLC will repay the investor's capital.

Please advise if you require any further information.

Best regards,

Jeffrey Keast,
Director of Risk Management, Talisman Surety & Fidelity Co Inc
COO, Citadel Underwriters, Inc – MGU for Talisman Surety & Fidelity Co Inc
