

THE LONDON  SILVER VAULTS

THE LONDON SILVER VAULTS

London DE Group understands the importance of protecting its clients' most valuable assets. For this reason, it provides a safety deposit box located 20 meters below street level, specifically designed for the safekeeping of gold, emeralds, and fine jewelry.

This storage system is housed within The London Silver Vaults, one of the most secure and innovative facilities in London, renowned for its exceptional level of protection for high-value items.

In addition to physical security, London DE Group ensures that all items stored within its facilities are fully insured, offering peace of mind and trust to its clients.

In addition, London DE Group offers investors the possibility to receive coupons in the form of gold instead of cash.

Gold can be shipped directly to the client's residence or stored under custody in the London DE Group's secure vault inside the Silver Vaults.

This combination of world-class security and flexibility in gold management makes London DE Group the ideal choice for those seeking to protect and manage their precious metals and jewelry assets.
